## Connecting with nature

## WHAT WE DO

We organise a variety of projects and activities hoping there will be something of interest for everyone. Our aims are to benefit wildlife and the community.

We arrange local wildlife related walks, talks and other events. We have created, and maintain, a wildlife pond in Upper Froyle and wildflower areas on the recreation ground in Lower Froyle.

We record species, have planted trees, introduced bird nest boxes and hold moth evenings and pond dipping.

## ABOUT US

We are a friendly group of local residents sharing our love of nature and learning more about the natural world within Froyle and further afield. We promote and support the enhancement of biodiversity and its conservation in our area. This provides opportunities for members to contribute and make a difference for the wildlife of Froyle.

In 2017 we became a charity called "Froyle Wildlife".

Support from Froyle Parish Council  
and East Hampshire District Council.
