Froyle Wildlife

WHAT WE DO

We organise a variety of projects and activities, hoping there will be something of interest for everyone. Our aim is to benefit wildlife and the community.

We arrange local wildlife related events, take out other events. We have a weekly and monthly walk to pond in Upper Froyle and a walking area in the recreation ground in Lower Froyle.

We record species, tree planted trees, introduced and native bees and hold many events and pond dipping.

ABOUT US

We are a friendly group of local residents sharing our love of nature and learning more about the natural world with in Froyle and further afield. We promote and support the enhancement of biodiversity and its conservation in our area. This provides opportunities for members to enjoy nature and make a difference for the wildlife of Froyle.

In 2007 we became a charity called 'Froyle Wildlife'.

Support from Froyle Parish Council and East Hampshire District Council

Species Diversity in Froyle Parish

- 29 Mammal species
- 36 Butterfly species
- 107 Bird species
- 565 Plant species
